NOTARY PUBLIC APPLICATION & RENEWAL INSTRUCTIONS

As the premier Notary bonding company in Washington State we would like to offer our Notary Public processing service to you.

Our service includes; rapid issuance of the state required Notary Surety Bond, a full line of notarial supplies, Notary Errors and Omissions Insurance, as well as regularly scheduled training sessions throughout the state.

To obtain your notary bond from us and your license directly with the state:

1. Complete the enclosed Bond Information / Declaration of Applicant page.
2. Complete the enclosed Commission Order Form. This is where you order your required new notary bond as well as supplies and optional insurance.
3. Send these two pages to our office with the payment method of your choice.
 - Once we receive your request we will write your bond and send it to you via email.
4. Go to the Department of Licensing's Notary Section website <https://www.dol.wa.gov/business/notary> where, if you have not done so already, you will create your notary profile through the SecureAccess Washington (SAW) account.
(Please allow half an hour for this step.)
 - Once you have established your profile, file your signed notary bond and if necessary, notarized application.
 - Remember to print your notary license. We need a copy of it to manufacture and legally release your stamp.
5. If you have pre-ordered your supplies simply send us a copy of your notary license via email at license@ans-inc.net or fax 425-271-6396.
 - If you didn't pre-order your supplies you can order them at this time.

Should you not want to electronically file the new bond yourself we can accommodate you by paper processing your commission with the State of Washington's Notary Section for an additional \$15.

Please keep in mind that paper processing can take up to six weeks and requires different paperwork.

Call our office and we will email you that information.

There is more to notarizing than just filling in the blanks.

As a notary you are an impartial witness to the identity, signature and statement of the person appearing before you.

As a public official you have unlimited *personal liability* if you make a mistake.

Notaries are subject to criminal, civil and administrative penalties. The state required notary bond only protects the public you serve.

Your only protection is proper training and insurance.

This is why Attorney & Notary Supply, Inc. offers education as both live webinar sessions and physical classroom sessions. Our classroom sessions are held throughout the state, covering every major region while our webinar sessions are conducted monthly for those who can't wait for us to come to them.

In less than four hours you will learn:

- The difference between Electronic Notarizations and Remote Notarizations.
- How to identify the different types of notarial certificates and how to properly execute each one.
- Compliant recordkeeping techniques.
- What type of identification is acceptable.
- What your notary stamp should and shouldn't look like.
- Who you can & can't notarize for.
- What to do when documents don't have a notary certificate.
- What the difference is between the required bond and optional insurance.

What makes our training stand out?

- Instructor-Led classroom and webinar classes.
- Questions are encouraged throughout the entire session.
- We understand that notaries are in every industry so we use a variety of examples in class.
- We encourage you to bring any documents you have questions about notarizing.
- Tailored for both new and experienced notaries.
- The Guideline Book is written specifically for Washington and is regularly updated.
- Taught by our President Rebecca Jacob, a practicing notary in Washington State whose input shaped our new law.

Because we believe in the value of education we offer both statewide classroom instruction and live monthly webinar sessions. Session fee of \$150.00 includes training workbook and reference materials for both the classroom and webinar.
